

Oades Brothers Tire & Auto Nationwide Tire Protection Plan Extended Limited Warranty

DETAILS OF COVERAGE*

- a) Any cut, impact, or penetration on a tire which is deemed repairable by Oades Brothers Tire & Auto will be repaired, remounted, and rebalanced by Oades Brothers Tire & Auto at no cost to the customer.
- b) Any cut, impact, or penetration on a tire which is deemed by Oades Brothers Tire & Auto to be non-repairable will be replaced, on a pro-rata basis, with a comparable tire (See under "Miscellaneous"). Free Replacement for the first 25% of useable tread life.

Amount of credit to customer is derived from multiplying the current Oades Brothers Tire & Auto retail price by the percentage of usable tread wear remaining at time of adjustment.

EXAMPLE: A tire with original tread depth of 12/32 inch has a usable tread life of 10/32 inch. (Tires are considered worn out at 2/32 inch, where tread wear indicators begin to show.) A tire returned for adjustment with 7/32 inch average remaining tread would receive a 50% credit on a new equivalent tire.

- c) Coverage ends after 24 months or when the tire is replaced or worn out (2/32 inch or less of tread remaining at any point on the tire). Policy is not transferable.
